***Allowable Subject Matter***

Claims 22-41 are allowed.

The following is an examiner's statement of reasons for allowance: the claims are allowed, because Pinzon alone or in combination with prior arts of record doesn't teach transmitting a signal from the speech recognition module to effect the controlling of the lighting and the barrier including all the limitation as recited in the amended claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel D. Abebe whose telephone number is 571-272-7615. The examiner can normally be reached on monday-friday.
